Staten Island, N.Y. 10314

June 6, 2018

Dear Dr. Hecht,

I wish to thank you for your expert and truthful assurance that my dental problem can be treated.

Was I fearful? Of course, I was. Dr. Hecht, presented Plans, one, two and three (1, 2, 3) explaining carefully each plan and I merrily went home to think it over. A decision was reached at my next appointment. Plan two (2) was the best option.

As to be a part of a dental family, it's a wonderful feeling, and I wish to tell all of you the affection is reciprocal. Last and not least, thank you L. from the Lab. (terrific job)

Again, thank you all for being there for me.

Sincerely,

Phyllis Benintende
